
Flat Pier Bumper

FLAT PIER BUMPER
ITEM NO. 03-11

Designed and molded from Non-Yellowing, Very Tough, Marine Grade Vinyl

Weight: 1 3/4 lbs. each, packaged 12 per carton

Dimensions: 5" wide x 18" long

Application: This pier bumper is designed to be mounted on the flat surface areas of docks or piers where the water level changes. It can be attached horizontally, vertically, or diagonally. For attachment to wood structures, use large headed non-staining aluminum or stainless steel nails, as described in our catalog. On metal structures, use stainless steel or aluminum sheet metal screw and washer.

For orders less than full cases, a 25% "split case" charge will apply.
