
Fire Extinguisher Cabinet

FIRE EXTINGUISHER CABINET ITEM NO. 11-020R (Red), 11-020Y (Yellow), 11-020W (White)

This fire extinguisher cabinet is 31 1/2" high with plywood bottom glassed both sides for deck mounting. It is constructed of heavy high gloss, long-lasting fiberglass, 1/8" typical thickness, with a gel coat finish. It is large enough to hold a 20 pound fire extinguisher. The door has a glass knock out panel. We do not include the glass as it usually breaks during transportation. We recommend that you purchase tempered glass locally. However we can supply glass if you need it.

Available in Yellow, Red or White.
