
Multizone Ozone Generator

MULTIZONE OZONE GENERATOR

The new MULTIZONE is the absolute most multipurpose ozone generator available today. It works in the boat, the car, in the house, cottage, or hotel room; it even works on a battery pack. The uses for the ozone generator are endless.

Specifications

Generation Method: Corona discharge utilizing mica plate technology.

Supply Gas: Ambient Air

Max. Zone Output: Multizone 200 mg/hr

Controls: On/off rocker switch. Fully variable control for ozone output.

Dimensions: 4.75" H x 4.75" W x 4" L

Electrical: 12 vdc 1 amp Wall Adapter

Fan Size: 27 cfm

Construction: Stainless Steel

Maintenance: Under normal 24 hr/day use, the Multizone ozone generator tubes should be cleaned every 8 to 10 months using dish soap, water and a tooth brush. Cleaning frequency is highly dependent on the humidity level of the air that the ozone generator receives.

Uses: The Multizone is a small, low cost ozone generator designed for use in a room or building up to approx. 1200 sq/ft. This unit does have a variable control for adjusting the output. The output starts at approx. 10 mg./hr and goes up to 200 mg./hr.
