

Jim Buoy Barrier Systems, Rope Floats & Buoys

JIM BUOY BARRIER SYSTEM

- For use in the most adverse conditions
- Visible at long ranges

Features the Jim Buoy #1100 yellow rope floats and the Jim Buoy #425-R Regulatory Buoy.

LOK-ON ROPE FLOATS – MODEL #1521

- Depths O.K. to 200 Fathoms – Durable, hi-impact design at affordable prices
- Molded-in Colors – No visible signs of abrasion will ever occur
- Lok-on Rope Design – Floats lock into position quickly and easily and stay put

Model #1521 – Available in Black, Red, Blue, Yellow, and White.

Model #1522-RL – Rope-Lok fits 3/8" diameter rope.

ROPE-LOKS – for use with above rope floats

Model #1501-RL – 3/8" up to 1/2" diameter rope size

Model #1502-RL – 5/8" – 7/8" diameter rope size

LOK-ON ROPE FLOATS – MODEL #1501

- Rugged construction – combines a leak-proof, tough outer shell with solid foam – filled inner floatation that is practically indestructible.
- Brilliant choice of colors – ultra violet inhibited colors are compounded into the outer shell for longest life.
