Diaphragm Pump Out Systems

For Marine, Campground and Industrial Applications. Edson's engineers have combined selected models of the Edson Single Diaphragm Pump with the hose, fittings and accessories required to provide a trouble-free and efficient Sewage Collection System. Edson's Diaphragm Pump is the best pump for the transfer and collection of sewage, sludge, waste oil and high viscosity fluids with suspended solids under head conditions of 12 ft or less.

Specifications:

ITEM NO.	STYLE	PUMP	TANK CAPACITY	DATA SHEETS
16-284EB-40	Stationary Kit	Electric Diaphragm	N/A	PDS-284EB-02 (291kb)
16-278EB-40				PDS-278EB-02 (363kb)
16-278GB-40		Gas Diaphragm		PDS-278GB-00 (387kb)
16-278MB-18		Manual Diaphragm		PDS-278MB-00 (226kb)
16-282EB-40	Portable	Electric Diaphragm	60 Gallon	PDS-282EB-02 (288kb)
16-282GB-40		Gas Diaphragm		
16-282MB-18		Manual Diaphragm	40 Gallon	PDS-282MB-99 (187kb)
16-285-18			25 Gallon	PDS-285-99 (188kb)
